The M.E.M.O.R.Y. Lab: debut album to be released in September

Italy's **The M.E.M.O.R.Y. Lab** will release its debut album on September 9 via the Canadian industrial/metal label **D-Trash Records**.

The M.E.M.O.R.Y. Lab (The Modern Expressing Machines Of Revolutionary Youth Laboratory) is the brainchild of the three-time **Grammy**-award-winning sound engineering guru **Marc Urselli**. Joining him in the project are **Nicola "The Old Nick" Curri** (Funeral Oration) and **Fabrizio "Malfeitor Fabban" Giannese** (Aborym, Funeral Oration).

Established in Italy 10 years ago, **The M.E.M.O.R.Y. Lab**'s debut album sees an official CD release on **D-Trash Records**, with state-of-the-art remastering of the originals, to be packaged in a digipack style case. This eerie set of aggro-electro industrial trash-metal songs is influenced by bands such as **Front Line Assembly**, **Skinny Puppy**, **The Young Gods**, **Das Ich**, **Ministry**, **Pantera**, **Christian Death**, **Fear Factory**, **Current 93** and various post-black metal bands.

The track listing is as follows:

01. **Cambia (Change)** (6:16)
02. **A Bad Dream (The Wrong Dream)** (3:20)
03. **Divine Eating** (5:29)
04. **Mind Rape (Government's Business)** (4:56) (mp3 download)
05. **Another Nail Into The Cross** (7:21)
06. **My Little World** (4:05)
07. **To Go All The Way** (4:08)
08. **Mother's Womb** (7:27)

Though the **M.E.M.O.R.Y. Lab** is now defunct, **Urselli** is now based in New York and enjoys a successful career as a recording engineer, producer, designer. He since won three **Grammy Awards** (work included a **Les Paul** tribute album featuring **Sting**, **Joe Perry/Aerosmith**, **Eric Clapton**) and worked with **John Zorn**, **Laurie Anderson**, **Lou Reed** and many others. **Nicola Curri** lives in Italy and continues to focus on visual arts as a art-restorer, stage-set designer, painter and sculptor.

A visual collage by **Pietro Annicchiarico** put to the track "**Another Nail Into The Cross**" can be viewed below.
